

CVEN 5834-003 Special Topics - Appropriate Treatment Technology Call# 85020

The course is scheduled to meet Tuesday and Thursday 3:30-4:45 in MUEN D439 and will be taught by Professor Summers.

The course is intended for 2nd year grad students who have had a course in water and/or wastewater treatment. It is a required course in the Engineering for Developing Communities (EDC) - MS Program.

The course will focus on sanitation, water treatment and wastewater treatment for developing communities. The format will be a combination of lectures, outside seminar speakers and case studies.
